Welcome in The Netherlands!

This study visit is all about celebrating democracy and discussing the necessary accessibility of it. The location of this event is The Hague, the center of Dutch democracy. During the visit, we will explore the Dutch situation, explain how we work on accessibility in areas such as elections, visit Parliament, and discover the importance of press freedom and its role for people with disabilities. We will hear personal stories from people with CP who are or have been representatives in government. And of course, a visit to the beach is a must!

Monday 26th May
